NEW DIRECTORS DIXON CHAMBER OF COMMERCE

Fine Enthusiasm Maintained in Reorganization Meeting.

ALFRED LELAND
F. X. NEWCOMER
ALBERT BORST
CHARLES KEYES
A. P. ARMINGTON
EDWARD VAILE
WALTER WATKINS
W. N. HOWELL
W. C. DURKEE
H. S. DIXON
E. J. COUNTRYMAN
O. H. MARTIN
E. E. WINGERT
J. E. ERWIN
W. C. McWETHY

The foregoing names represent the men chosen at the big mass meeting of the members of the Dixon Chamber of Commerce last evening, as directors of the new organization—the outgrowth of the re-organization campaign.

These men have been chosen to guide, lead and advise Dixon's effort for a greater city. In their hands will rest Dixon's future and with them has been placed the responsibility for the success of the campaign recently inaugurated in this city.

Had Great Crowd
The attendance at last night's meeting at the city hall was splendid and standing room was at a premium in the auditorium. Enthusiasm was high and the proceedings were carried forward valiantly according to the will of the membership. Lists of the entire membership were passed out and the membership checked, the names of thirty men whom they nominated as directors. A cheering committee tabulated the vote and the fifteen highest were elected. The task of tabulating was a big one and it was close to midnight before the meeting was adjourned.

GOING UP!

Rock river at this point has raised approximately four feet from noon yesterday until 9 o'clock this morning and was continuing to rise at the rate of about one inch each hour, according to reports. The mild weather of the early part of the week, coupled with the heavy rains of yesterday in this vicinity is responsible for the swollen condition of the river. The ice has not started to move as yet but is reported to be badly honeycombed in many places.

LARGEST SEAT SALE FOR ELKS MINSTREL SHOW

Records Broken in Advance Sale Despite Heavy Rain.

The heavy rain of last night did not stop hundreds of Dixon people going to the Public Drug & Book Co. store to reserve seats of the Elks' Minstrels, which will be given at the Family theater next Monday and Tuesday. The Elks' Minstrels, which will be given at the Family theater next Monday and Tuesday, were the largest opening seat sale in the history of Elks' shows. The fact that every seat in the Family theater is reserved has proven of great advantage to patrons, and despite the great rush for seats last evening there are scores of the best seats left for both nights. There has been steady reservation today and doubtless will continue to be until the nights of the performances.

Long before 7:30 last evening, the advertised hour for opening the charts the drug store was jammed with ticket-seekers, the rush for seats being characterized as the biggest ever known in this city.

The performances, it is announced today, will start promptly at 8:15 o'clock each evening and all patrons are requested to go to the theater as early as possible to give the ushers ample time to seat everyone correctly. It is stated finally that those who are not in their seats at 8:15 will miss the opening of the show, as the curtain will positively be raised at that time.

NATION FACES BIG SHORTAGE OF EDUCATORS

Inadequate Salaries to Keep Many From Profession.

Washington, March 12.—The country is faced with a serious shortage of school teachers, chiefly through failure to provide adequate salaries according to reports to the United States Bureau of education. Conditions are becoming slightly better, however, the reports state in some sections. Based on returns from state school officials, the reports show that on Feb. 13 last there were 18,279 schools closed because of lack of teachers and 41,900 being taught by teachers characterized as "below standard, but taken on temporarily in the emergency."

Greater shortages are shown to exist in southern states. Salaries paid teachers in 1918, statistics show, were on an average of \$666 to elementary teachers and \$1031 for those teaching in high schools.

A. O. Neal, of the bureau's division of rural education said today there is an increasing withdrawal of men teachers from the profession, the percentage of male teachers in 1918 being only 17 per cent, or one in every six.

May Trade Liberty Bonds Next Monday

Chicago, March 12.—The Chicago Federal Reserve Bank today issued instructions for the exchange of temporary liberty bonds for permanent Liberty Bonds. The final interest coupon on \$3,800,000,000 Third Liberty Loan bonds falls due Monday, when holders may begin making the exchange.

After April 1 first and second 4s and first and second Liberty 4½s may be exchanged at banks for permanent bonds. The four issues approximately \$158,000,000 is outstanding in the Chicago district according to the bank.

WEATHER.

FRIDAY, MARCH 12, 1920.

Chicago and vicinity—Light snow this afternoon, fair and colder tonight with lowest temperature about 24 degrees above zero; Saturday and Sunday fair with rising temperature; diminishing northwest winds becoming variable Saturday morning.

Illinois—Fair and colder tonight; Saturday and Sunday fair with rising temperature.

LOCAL TEMPERATURE.

The range of the local temperature for the 24 hours ending this morning was between 52 and 32 degrees above zero.

KENT'S BILL AGAINST COUNTY IS REFUSED BY LEE SUPERVISORS

Other Business Completed and County Dads Adjourned.

The county supervisors concluded the business of the March meeting this morning and left for their homes. A number of important matters were brought to the attention of the body yesterday and today, chief among these being the bill presented by W. G. Kent for \$450 which he claimed as fees for assistance in the proceedings against Clyde Wicher, former superintendent at the county home. The attorney appeared before the board yesterday and discussed at some length the merits of his claim and some very warm remarks were exchanged. The claims committee had taken no action on the claim and presented it to the board for their consideration.

The bill of the Illinois Northern Utilities company amounting to \$92.49 for electric current, light and power furnished to the county home, which was presented at the last meeting of the board was allowed.

McClary Presided.
Supervisor Joseph McClary of this city, who presided at the sessions of the board during the absence of Chairman John Banks, appointed a committee consisting of Supervisors D. H. Spencer, Thomas Long and William Edwards to confer with societies who are favorable to the erection of a memorial in the court house yard to the memory of the soldiers and sailors. The board members believe that those who served from the county and not alone to those from Dixon. It has also been suggested that the memorial should be erected to the memory of those who have served in the Civil war or every war to the date of its erection.

Neighbour Reappointed.
Prof. L. B. Neighbour was appointed by the board to serve as county superintendent of highways, following his qualification at the state examination, conducted here recently. The offices on the first floor of the court house, now occupied by the county superintendent of highways will be his headquarters. Some alterations will doubtless be made and equipped with additional fixtures.

County Surveyor Lester Street appeared before the board at its meeting yesterday afternoon, explaining the crowded condition in the county superintendent's office, where the surveyor is at present accommodated. The matter was referred to the building committee and following an investigation it was recommended that the surveyor be quartered in the small witness room on the third floor.

Turn Nelson Plea Down.
The proposition for changing the voting precinct in Nelson township from the Cook school to some place in the village of Nelson was voted down. In the petition no substitute polling place was designated in the village of Nelson. The matter will probably be taken up again at the June meeting of the board when the polling places throughout the county will be adjusted.

One of the precinct polling places in Ashton, which has formerly been accommodated at the Moore garage was changed to the Schade coal office.

Supervisor Joe Miller this morning offered a motion providing for the sale of the snow plow, owned by the county and which has been stored at the Watts garage here. The supervisor explained that since its purchase the plow has been used but once and that the storage charges were an unnecessary expense. It was decided that the plow would be removed to the barn on the county jail property where it would be properly cared for without a storage charge against the county, and the supervisor withdrew his motion.

Four Escaped From North Dakota Prison

Bismarck, N. D., March 12.—Bloodhounds today are searching for four convicts, who escaped last night from the state penitentiary near here by tunnelling through a wall of the prison building.

ORANGES FROM CALIFORNIA.

Miss Geisenheimer, of the A. L. Geisenheimer & Co. store, has sent from California where she is spending the winter, a box of choice oranges to the people in her store and some found their way into The Evening Telegraph office. They were large and most delicious and, adding to the interest, was the fact that they were grown in the twenty-acre orange grove of Mr. and Mrs. C. H. Sarwine, former Dixon people, who are most happily established at Duarte, Calif.

CONDITION IS CRITICAL

The condition of Samuel Gantz of Peoria Ave. who has been ill for some time, is said to be very critical.

DERR TO BUILD PLANING MILL ON E. RIVER ST.

Brick Structure to Replace Ruins of Old Brewery.

A force of men are wrecking the old Clears brewery on East River street and clearing the ground for an improvement which will mean a great deal to that part of the town and will greatly improve the appearance along the river drive. The property which is owned by A. S. Derr is to be cleared and a modern planing mill and cabinet shop will replace the old brick and stone ruin of a one-time flourish-brewery.

Mr. Derr announced this morning that brick structure would be built on the site and the building would be rushed with all possible haste, due to the fact that his present building has been purchased by the Dixon Wholesale Tobacco company. He plans to build a one-story brick building with several other sheds for the storage of lumber and a dry kiln. The main building will be of such construction that additional stories may be added should the business require. Mr. Derr also plans to install a great deal of modern cabinet working machinery in his new building, which he hopes to be able to occupy by May 15.

Star Witness for Newberry Defense Collapsed on Stand

Grand Rapids, Mich., March 12.—Paul King, Newberry campaign manager made a vain attempt to resume testimony in the Newberry election conspiracy trial today. Suffering from effects of a nervous collapse, incurred last Tuesday, King was exhausted after five minutes effort to recount happenings of the 1918 senatorial campaign. Court was suspended while two physicians and Mrs. King attended him. Then the doctors ordered him back to bed.

After 45 minutes conference between attorneys in the judge's chambers, the case was adjourned until tomorrow morning. Whether King will attempt to testify or the government waive his cross examination and proceed in rebuttal was not determined.

Dr. James B. Bradley, former auditor-general of Michigan, and one of the defendants, was one of the physicians, who attended King in court. He said the chief physical witness was "a complete physical wreck," and doubted whether he would fully recover from his attack for a year.

Deputy Collectors Busy Helping Fill Income Tax Returns

Deputies P. E. Seigle and Edgar Theriault, from the U. S. Internal Revenue department, are very busy in the grand jury room on the third floor of the Lee County Court House at Dixon helping out Lee county citizens who are late in filing their income tax returns. Their offices are crowded throughout the day with people from Dixon and the surrounding country who want information on the filing out of their books.

Edgar Theriault, an expert on the tax returns from farms, has been sent here by the government to assist Deputy Seigle with the farm return part of the work. These gentlemen will help all individuals make out their blank and will give them all possible information, without charge. All tax returns must be made before March 15.

New Telegraph Lines Are Being Constructed

A crew of Western Union employees who are stringing new wire along the line of the Northwestern arrived in Dixon last evening and will remain here while the work is under way in this vicinity. The men are traveling in special cars where they have their quarters. They have a modern dining car and sleeper in the equipment, affording them very comfortable living conditions. Work is now being completed east of town.

HAT IS LOST.

Barney Thompson, editor of the Rockford Republic, who spoke at the Chamber of Commerce meeting here last night, lost his hat. As a matter of courtesy to the visitor whose words have proven such a source of inspiration for Dixon people, it is hoped the hat will be returned. It was probably picked up either in the council chambers at the city hall or on the sidewalk on Hennepin avenue, near Second street. Will the finder please notify The Evening Telegraph office?

FIRE CALL TODAY.

The fire department responded to a call at 12:15 this morning to the American Express company's offices on First street. The stove in the office had filled the office with smoke. No damage was done.

C. K. Langley, of Polo, was in Dixon Thursday morning.

DELAY IN ADOPTING CONVOY SYSTEM BY U. S. HELPED ENEMY

—ADMIRAL SIMS
Tells Senators It Was Most Serious Inefficiency of Navy.

Washington, March 12.—A misconception of the problem of defending the American coast from submarine raids was partially responsible for the failure of the navy department to act on repeated recommendations as to operations abroad during the early months of the war, the senate investigating committee was told today by Rear Admiral Sims. The officer said that during the first six months of the war he was told repeatedly that operations abroad would be dependent upon what could be spared from the adequate defense of home waters. This policy was adhered to, he said, despite his efforts to convince officials in Washington that it was the consensus of allied naval opinion as well as his own that the best defense for the American coast lay in offensive operations against submarines in the eastern Atlantic.

The correspondence read by the Admiral disclosed the high degree of efficiency attained by the allied system of discovering the movement of enemy submarines. His messages to the department founded on this information gave warnings in advance of the sailing of the two U-boats which did harass shipping in American waters, of their probable mission and of the points at which they could be expected to strike.

Washington, March 12.—Disregard by the navy department of his recommendations with regard to adoption of the convoy system, was described by Admiral Sims today as "infinitely more serious" in its bearing on the war than other cases of alleged inefficiency cited in previous testimony before the senate investigating committee.

Admiral Sims said that early in 1917 the allies were compelled by the submarines to adopt the convoy plan for protecting shipping and that on May 1 he "urgently recommended" that the United States give its co-operation but it was not until June 20 that Secretary Daniels replied he considered American vessels having armed guards were safer when sailing independently.

"Fundamental Error."

On July 1 he received a cable outlining an entirely new plan of protecting merchant ships formulated in the department which he said was widely at variance with the British and French systems and which he cabled the department would be a "fundamental military error" resulting in "direct assistance to the enemy."

In answer the navy department submitted another plan, he said, and asked that he present it to the British admiralty. He did so and was told that the proposal had been tried out by the allies early in the war without success and that the admiralty desired assurance of American co-operation in the convoy plan so the first convoy might sail from New York July 16.

Finally on July 22 the navy department accepted the convoy plan for troops and later accepted it for supply vessels, the Admiralty testified, but only after great pressure had been brought to bear by the other allies and after many valuable weeks had been wasted.

Prohibition Drives Many From Country Says Congressman

New York, March 12.—Prohibition is causing so many foreign born to leave the United States that emigration is exceeding immigration, according to the house immigration committee.

Ellis Island records today showed that immigration since January 1st totaled 53,900 while 61,000 persons left the country. Most of the latter have gone back to Poland and Czechoslovakia to stay.

While a desire to live in rejuvenated homelands is a factor in emigration Mr. Siegel believes that prohibition is the principal reason. Inability to buy beer or wine, he says, has created considerable ill feeling among foreign born residents, particularly in mining districts.

Twice Over Andes Without Landing

Buenos Ayres, March 12.—Captain Parodi, an Argentine flyer, has crossed the Andes twice without landing. He piloted his plane from Mendoza, Argentina, to a point over Santiago, Chile, and returned to Mendoza without having touched ground during the entire trip.

COMPROMISE NEGOTIATION IS POSSIBLE

G. O. P. Leader Today Introduced New Proposal.

Washington, March 12.—A substitute for the republican Article X reservation to the peace treaty was introduced in the senate today by the republican leader, Senator Lodge of Massachusetts. In general it follows the form of the draft agreed on several days ago in bi-partisan compromise negotiations.

When the reservation was offered it was declared among the republicans that the negotiations had lined up almost enough votes to ratify the treaty on that basis, but that final agreement had not yet been reached. The republican leaders planned to obtain a vote late today.

In presenting the substitute, Senator Lodge said he did so in the interest of compromise and not because the new draft represented any substantial change in the meaning of the reservation.

"I do this," he said, "in full consonance with what I have stated on the floor of the senate several times. I do not feel that I should be justified in insisting on defeat of the treaty on a mere question of the phrasing of any reservation. If I thought the modification made any change in the substance of the reservation, I should not only not offer it, but I should vote against the treaty with it included."

Text of Reservation.

As presented the reservation reads as follows: "The United States assumes no obligation to preserve the territorial integrity or political independence of any other country by the employment of its military or naval forces, its resources or any form of economic discrimination, or to interfere in controversies between nations whether members of the league or not under the provisions of Article X, or to employ the military or naval forces of the United States under any article of the treaty for any purpose unless in any particular case the congress, which under the constitution has the sole power to declare war or authorize the employment of the military or naval forces of the United States shall in the exercise of full liberty of action, by act, or joint resolution so provide."

Washington, March 12.—A vote today on the Article X reservation to the peace treaty was predicted by the leaders when the senate met, though it was conceded the possibility of action still was enveloped in some uncertainty because of the unsettled state of some compromise negotiations.

The republican leaders, it was said, had about decided to present in a modified form, their substitute for the original reservation but they were having trouble in estimating the exact republican strength it would muster at and delayed any definite move while they counted noses. Among the democrats the compromise advocates kept up their campaign actively, declaring that if the substitute came to a vote they could deliver from the democratic side close to half of the sixty-four votes needed to ratify the treaty.

BALKED BY MUD SHERIFF USES AIRPLANE NOW

Bloomington, Ill., March 12.—Sheriff Ralph Spafford, of McLean county, in order to serve prospective jurors for duty in the trial of Edgar A. Strause, charged with the murder of Berne M. Meade, has sworn in Lieut. Lyle D. Balbach, of Chenoa, as a deputy sheriff. The latter will use his airplane to get to remote places in the county to serve summons on men whose names have been drawn for service in this trial.

An unusually large venire has been ordered. The country roads are in a very muddy condition making it almost impossible to get over them with auto or horse and buggy, hence the modern method of travel has been brought into use. It is believed this is the first time in the history of the United States that an airplane has been used for this purpose. Lieut. Balbach was an instructor in southern camps during the war.

Crew Saved From Wrecked Schooner

New York, March 12.—Captain Hayes and the crew of five men of the British three masted schooner Maid of La Hevre arrived here today on board the White Star steamship, Adriatic from Southampton. On March 19 about 750 miles east of Sandy Hook the Adriatic sighted distress signals, took off the six men and set fire to the wreck.

Mrs. Frances Busby is visiting her cousin at DeKalb, and attend the Elks social and banquet.

GOING DOWN!

New York, March 12.—A sharp slump in foreign exchange occurred at the opening of the market here today, rates on demand sterling being quoted at \$2.65 1/2 or 7 1/2 cents below yesterday's closing figure.

MEREDITH HOPES FOR AGRICULTURE FORMED BASIS OF A SPEECH

Tells Merchants' Assn. He Hopes to Increase Its Service.

New York, March 12.—In terms of the advertising manager, Secretary of Agriculture Meredith told the members of the Merchants Association of New York today of his ambition to increase the output of the department by the department of agriculture, he said, "because we are only your agents. You are manufacturing this product and that product is service. I would like to double the number of customers. I want to increase the sales of this organization. In other words I want to bring home to every man and woman in America this wonderful service."

After paying tribute to the loyalty displayed by the department and citing cases of experts who refused positions paying much larger salaries than those they received from the government solely because of their desire to render service to the American people, he deplored a tendency to discuss "waste," "graft," and "soft snafus."

Is Poor Advertising
"I think it is wrong," he said, "to poor advertising to be talking all the time about the waste, and about the grafters and soft snafus and all that in Washington. Don't do it."

Secretary Meredith explained that only about one-third of the regular appropriation of \$33,000,000 is actually used in the interests of agriculture. The balance goes to the maintenance of weather service, the forest service, the administration of the food and drug act and other sub-divisions of the department.

Serve Big Capital
The department was pictured as serving an invested capital of more than \$80,000,000,000, the amount invested in agriculture. The agricultural and live stock production last year was \$25,000,000,000, he added, "equal in one year to our national debt at the present time—one-half of the wealth of France."

A mass of statistics was placed before the association to show the work the department was doing.

"These figures are interesting," he said, "in connection with the high cost of living which is a mutual problem for all of us. It is the farmer's problem, it is the laborer's problem, and it is the business men's problem. If there are more men on the farm farming more acres, each acre producing more and each man producing more, giving each of us today more of the six leading cereals per capita it seems to me the farmer is doing his part pretty well."

Farmers' Increased Work
Farmers increased during the war their planted acreage 33,900,000 acres he said, and their yield to 635,000,000 bushels, adding that this was in response to the department's request.

He insisted the personnel of the department was free from politics. Out of 21,000 positions, he said, there are only four that are not under the civil service—the secretary and the two assistant secretaries and the chief of the weather bureau.

Attention was called to the difficulties encountered when larger appropriations for the work were asked and he pleaded for a broader comprehension of the needs of the department.

A CORRECTION.

The foul sale announced in last evening's Telegraph to have been held tomorrow by the Service Star Legion, should have been announced for April 3rd instead.

Mr. and Mrs. Louis Untz, of West Brooklyn, was in Dixon Wednesday.

ONLY 2 MORE DAYS TO FILE YOUR INCOME TAX RETURN.

AGED WOMAN KILLED.

Paris, Ill., March 12.—Miss Lizzie Fauble, aged 78, died here as the result of a fall from a second story window at the home of her brother, James Fauble.

WILSON TRYING FOR AGREEMENT IN COAL REPORT

Hopes for Settlement of Wage Question and Hours.

Washington, March 12.—An effort to compose the differences between the majority and minority of the bituminous coal strike commission will be made by President Wilson, it was said today at the White House.

Officials said that neither the majority nor minority report would be made public if there was a probability of bringing the members of the commission to an agreement on their principal differences—the amount of the wage advance and the hours of work.

John P. White's minority report on the strike settlement was to be submitted today to President Wilson. Meantime, the president was studying the majority report, completed yesterday.

White Won't Talk.
Mr. White, the miners' representative on the commission, refused to discuss his recommendations but it was understood that he had held for an increase in wages of approximately 25 per cent and no changes in hours and conditions of work.

John L. Lewis, president of the United Mine Workers of America, who hurried here last night, from New York, where he has been attending the anthracite wage conference, conferred today with Mr. White and William Green, secretary of the miners' union, familiarizing himself with the facts. He still declined to make any statement, but it was expected that the full executive committee of the miners would be summoned to consider the future action of the workers.

Labors Not in Vain.
While the commission failed to reach a unanimous decision, asked for by the president, it was said today that its labors had not been in vain and officials generally believed that the two conflicting reports could be used as a basis for an amicable agreement between the operators and miners.

Secretary Green said the majority and Mr. White were not far apart on the matter of wages and he was hopeful that the differences could be smoothed out in direct conferences. The failure of the majority to recommend improved working conditions proved a disappointment to the miners, it was said, as this had been one of the chief demands of the men.

Fight for Little One Stirs Rockford

Chicago, March 12.—Mrs. Mamma Bradley of Denton, Texas, today had possession of her 2 year old adopted daughter after she and two men had fought for 20 minutes with 14 persons at Rockford, Ill., and had evaded ten policemen who pursued her to the Rockford city limits. Otto Gnewuch, a deputy sheriff, and Martin C. Koebel, an attorney, accompanied Mrs. Bradley to Rockford and participated in the fight. The child had been placed in the home of Alfred G. Bachelder, brother in law of Mrs. Bradley, during the latter's illness. The Bachelders refused to give up the child, according to Koebel and neighbors rallied to their assistance.

SHIPPING BOARD HAS 1,179 SHIPS IN ACTIVE WORK

Washington, March 12.—The United States Shipping board has 1,138 steamships totaling more than 8,300,000 deadweight tons, of which 1,179 were in actual operation February 1st, it was made known here today by the director of operations, John Cushing.

These ships are being operated from 18 American ports and are serving forty trade routes, virtually out half of the tonnage being assigned to northern European trade.

Movie Proprietor is Murdered in Office

Chicago, March 12.—The police today were without a clue to the identity of two men who last night shot and killed William Mills as he stood in the box office of his moving picture theater and counted the night's receipts. There was no attempt at robbery.

Corn Weakened on Exchange This A. M.

By Associated Press Leased Wire

Chicago, March 12.—Free selling led by big commission houses, weakened the corn market today notwithstanding continued wet weather. Temporary declines in sterling counted somewhat in favor of the bears, and so too did an advance in ocean rates on food stuffs from the United States to Great Britain. Besides, it was asserted that corn prices were above the feeding value of the cereal. Opening quotations, which ranged from 1/2¢ decline to a like advance, with May 2 1/2¢ to 1 1/2¢ and July 1 1/2¢ to 1 1/2¢, were followed by moderate setbacks all around.

Oats lacked support. After opening 1/2¢ to 1/2¢ lower, including July at 75 1/2¢ to 75 1/2¢ the market sagged a little more before beginning to react. Higher prices on hogs gave strength to provisions. Trade, however, was dull.

Dressmaker Gives Advice

"I underwent a surgical operation for gall stones 5 years ago, was in the hospital 4 weeks. For 1 year I felt better, but then my old symptoms and pains returned, and I have suffered ever since. Four weeks ago on the advice of a lady I tried May's Wonderful Remedy, and I now feel like a new woman. I have a number of friends who suffer as I did and I am advising all to try this valuable medicine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists, everywhere.

Electric Company Leases Building

Through a deal consummated this morning, the Lee County Electric Co. has secured a lease of long duration on the Utley building on Galena avenue between First and Second streets. H. H. Heinze of the company, announced that the offices on the second floor of the building occupied by Attorney E. E. Wingert and Joseph Petersberger will remain unchanged but Attorney H. A. Brodus, who occupies a suite of offices in the rear of the building will vacate April 1. It is reported that some changes are contemplated in the building but Mr. Heinze refused this morning to give out a statement as to the plans for remodeling or changing the interior of the building.

GIRLS! DRAW A

MOIST CLOTH

THROUGH HAIR

Let "Danderine" save your hair and double its beauty

Oh, girls, such an abundance of thick, heavy, invigorated hair; a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage. Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy, golden gleams and tender lights. The youthful glints, tints and color are again in your hair. "Danderine" is a tonic-beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful Danderine for a few cents at any drug or toilet counter and use it as a dressing and invigorator as told on bottle.

Gen. Wood Guest of Indiana Republicans

By Associated Press Leased Wire
Indianapolis, Ind., March 12.—The fostering of economic business and world commerce was advanced by Major General Leonard Wood, candidate for the republican nomination for president, as one of the paramount obligations of the American people and government, in an address before Indiana republican leaders at a luncheon at the Columbia club today.

General Wood advocated careful training of consular officers for all foreign countries, to the offices of which would be attached trained commercial agents. He mentioned particularly the South and Central American and Far Eastern countries, in which he declared the United States has never had such an opportunity to advance its trade relations.

The sale or lease of American shipping built during the war, to American firms only, in order that the merchant marine built up might be kept under the American flag also was urged by the speaker.

General Wood reiterated that he favored adoption of the treaty of peace and the League of Nations covenant with reservations "which absolutely Americanize it" and a "strong courteous foreign policy," which would include a trade policy.

LIKE CHICK AND EGG, THIS CAT TALE

Mobile, March 12.—Peter Clinton's feline factory is pretty nearly perpetual motion. Pete raises cats for their hides. He feeds the cats on catfish caught in the river. He feeds the catfish on the cats after he has undressed 'em. Cat hides sell for \$1.50 each. Clinton's factory is producing soft blue Maltese, but pretty soon he'll raise cats with black hair, yellow hair, and hairs of many hues.

WANTED—Applicants for an accredited Training School for Nurses, giving a three (3) years course in general nursing. The hospital has a capacity of 140 beds located near Lincoln Park. The school provides all living expenses with an additional allowance of \$16.00 per month for the first year and \$20.00 per month for the second and third years. Uniforms furnished. For further information write to Miss Watson, Superintendent of Grant Hospital, 651 Grant Place, Chicago, Illinois. 6113

A PLEASANT JOB.
By Associated Press Leased Wire
Washington, March 12.—President Wilson by proclamation today designated Walker D. Hines, director general of the railroad administration as the agent of the government against whom actions at law, suits in equity and proceedings in admiralty, which might arise from the government control of the railroads should be directed.

P. E. O. will hold a home baking sale tomorrow at Pratt Reed Grocery store. 6113

Only 32,000 Pints of Booze a Day Allowed Druggists of Chicago

By Associated Press Leased Wire

Chicago, March 12.—Consumption of whiskey in Chicago will be limited to 32,000 pints a day, Captain H. E. Howard, state prohibition director, announced today. He told the Retail Druggists' association each druggist may sell 100 gallons of whiskey, wine or gin each month. There are 1,200 druggists.

Major A. V. Dalrymple, prohibition enforcement officer for the central states declared "Chicago now is over-drinking its allotment." He said druggists are selling as much as 200 cases of whiskey each per week and "there is an extremely large percentage of unscrupulous doctors who are prescribing liquor at wholesale without examining their patients."

Bleyer's Family to Get Entire Estate

By Associated Press Leased Wire

Chicago, March 12.—The will of Captain Clifford Bleyer, who, with Mrs. Ruth Randall, was found shot to death in her apartment last Monday night, bequeathed all his property to his widow and two children. Experts estimated the value of the estate at \$500,000. The will, which contained fewer than one hundred words, was written on a piece of plain white paper.

The widow also will receive insurance to the amount of \$75,000. Whether she will receive an accident policy of \$18,000 depends upon the verdict of a coroner's jury which will decide whether Bleyer was killed by Mrs. Randall.

The Women's Home and Foreign Missionary society of St. Paul's Lutheran church will hold a home-baking sale next Saturday at Gonneman's furniture store. 6111

Mrs. Anna Craig returned Wednesday evening from Youngstown, Ohio, where she was called by the death of a brother.

—You don't have to risk a cent to be relieved of catarrh. Get a Hyomei outfit from Rowland Bros., druggists, and if it doesn't satisfy, they will refund the purchase price.

JUST GIVE A BOY ONE SPRING DAY--

and without the aid of sulphur and molasses he'll show you that the average boy's suit is not what it seems—in the seams or anywhere else.

Somehow or other this is the time of year when boys start cutting loose with nature—so it's natural that prudent parents look to devise some plan to keep the rose from rambling into a state of extravagance.

There is a cure and here it is:

Wearpledge Insured Clothes for Boys

Every Suit sold with an insurance policy that warrants the wear. And look at the "Live" Leather belt that they put on every suit!

Sizes 6 to 18 years
Prices \$10 to \$25

VAILE AND O'MALLEY

Ice Starts Moving East of the City

The ice has started to move in Rock river east of town, and is gorged in many places. It was reported about the streets this morning that one heavy gorge was threatening the Grand Detour bridge. The river rose rapidly yesterday and gorged the heavy ice in many places.

Dixon Men Home From Oil Country

Dr. K. B. Segner and B. F. Schildberg have returned home from an extended trip through the oil fields of Louisiana, Texas, Oklahoma and Kansas. The trip was made with forty business men from northern Illinois and all of the large oil fields were visited. The party saw all of the methods of obtaining and refining oil.

ST. JAMES MISSIONARY—

Despite the rain of yesterday afternoon sixteen members attended the meeting of St. James Missionary society, held at the home of Mrs. John Missman. They enjoyed a fine dinner after which a program was given. The first number was a song, "Gently Lead Us," followed by the devotionals, conducted by Mrs. Zimbeck. A violin solo, "Angel's Dream," by Miss Bernice Gehl pleased all. The meeting was in charge of Mrs. Geisler, the lesson subject being, "China, the Land of Opportunity." The society voted to hold a home baking sale on Saturday, Mar. 20th.

ST. PAUL'S W. H. & M. S.—

The meeting of the W. H. & M. S. of St. Paul's Lutheran church was held Thursday afternoon at the home of Mrs. Austin George, who was assisted by Mesdames R. J. Slothower, Whitish and Coakley. The Bible study lesson on "Heating of the Nation" was conducted by Mrs. Coakley, and Mrs. Whitish was in charge of the discussion on "China, the Land of Opportunity."

THURSDAY READING CIRCLE—

The Thursday Reading Circle meeting, held yesterday at the home of Mrs. William Stark, was a very delightful session, opening by two piano solos by Mrs. George Shaver, which were followed by readings by Mrs. Ray Glick and Mrs. Charles Floto. Mrs. Beach told most entertainingly of the revolution in China in 1911, when she had her husband were there. Delicious refreshments were served by the hostess.

INTER NOS CLUB—

A happy meeting of the Inter Nos club was held Thursday afternoon at the home of Mrs. Louis Leydig. A two-course luncheon was greatly enjoyed, and the afternoon was spent doing fancy work. Mrs. Henry Briscoe was a guest.

WERE MARKED HERE—

Harold Smith Hunt and Doris May Kopp, both of Waterman, were united in marriage yesterday afternoon at the Presbyterian parsonage, by Rev. J. W. Tidball. They were unattended.

REBEKAH MEETING—

A regular meeting of the Minnie Belle Rebekah will be held on Friday evening in I. O. O. F. hall. Members are urged to be present.

CHAP. A C. ILL. P. E. O.—

The regular meeting of Chapter A C. Illinois P. E. O. will be held at the home of Mrs. A. W. Leland Monday afternoon at 2:30.

MYSTIC WORKERS TONIGHT—

The regular meeting of the Mystic Workers will be held this evening. A large attendance is expected to be present.

KINGDOM COMMUNITY AID—

The Kingdom Community Aid will hold a meeting on Wednesday, March 17th, with Mrs. Ray McCune.

Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like calomel—yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually. 10c and 25c.

Sister Mary's Kitchen

(Copyright, 1920, N. E. A.)

Lucky is the person who has a wood fireplace. From an esthetic standpoint she is twice blest. There is no fire like a wood fire to dream by, and of all fuels woods is the cleanest.

And the ashes of the wood are of infinite value. For cleaning brass and copper, wood ashes moistened with cider vinegar are unsurpassed. The vinegar is not absolutely necessary, but hastens the cleaning process. Water may be used.

Wood ashes, sprinkled over the lawn, act as a sweetener to the soil and increase the luxuriance of the grass.

And, of course, we know that in the old days our foremothers were dependent on the ashes for their cleanliness. Soft soap couldn't have been made without the lye made by leaching the ashes from their wood fires.

Menu for Tomorrow.

BREAKFAST—Cereal cooked with chopped figs, toast, coffee.

LUNCHEON—Stuffed cabbage, rye bread, poor man's pudding, tea.

DINNER—Lamb stew, dumplings, celery and radishes, sponge cake, canned peaches, coffee.

My Own Recipes.

There are so many vegetables in the stew that it makes it unnecessary to serve any separately. The average housekeeper is inclined to use too few stews. There is no dish more savory and nourishing than a carefully prepared stew.

STUFFED CABBAGE.

1½ cups left-over meat.
¾ cup dried bread crumbs.
1 egg.
Salt and pepper.

Milk.
Cabbage.
Mix meat, bread crumbs and salt and pepper thoroughly with egg. Add enough milk to make the mixture sticky. Cut the heart out of a head of cabbage and fill with stuffing. Tie a piece of cheese-cloth around the cabbage to keep it in shape and boil in salted water in a covered kettle until tender. Save the heart of the cabbage for cold slaw.

RYE BREAD.

2 cups lukewarm water.
3 cups rye flour.
1 compressed yeast cake.
Make a sponge by dissolving yeast in water and adding the rye flour till there is a batter. Put in a warm place to rise over night. In the morning add:

2 cups lukewarm water.
4 cups rye flour.
4 cups white flour.
1 tablespoon salt.

Mix dough thoroughly, but do not knead long, as for bread. Let rise for 30 minutes. Make into loaves and place in bread pan. Let rise about one-third its bulk. Bake in a medium oven for an hour.

POOR MAN'S PUDDING.

3 cups milk.
¾ cup rice.
3 tablespoons sugar.
½ teaspoon salt.
Grated nutmeg.

Wash and pick over rice. Mix all ingredients thoroughly and pour into a buttered baking dish. Cover and bake slowly for two hours or longer. Stir three times during the first hour while the rice is swelling. It should be creamy when done and must be taken immediately from the oven.

Nobody seems to be saying anything about seeing the first crocus as yet.

COMPLAIN OF "BOOZE" THAT WAS VINEGAR

Dallas, Tex., March 12. — Nineteen guileless guzzlers told the police here that they had been allowed to smell and taste good whisky by a very bad man and then paid him \$400 for 15 bottles of vinegar.

"OVER THE GARDEN WALL"

Garden enemies—insects that raid food plants—thrips, aphids, beetles, cabbage worms.

BY CAROLYN VANCE BELL.

WASHINGTON—"Over the Garden Wall," a play written for the United States School Garden Army, in which nearly 3,000,000 children are enlisted, portrays the surprising advantages of Ann Onion, Nurse Lady Bug, Dr. Growem, such "garden villains" as Thrips, Aphids, Potato Beetles, Cabbage Worms, and the gallant young soldiers of the garden army who come to the rescue of the besieged vegetables.

Of the many pageants and plays produced by members of the garden army, in connection with their garden work, none has proved more popular than "Over the Garden Wall," which was written by Miss Alberta Walker, and produced by the children of the Capital City and also at Cornell University and other cities and towns in the United States.

The play, which is characterized by simplicity of stage setting and dialogue, may be performed in 15 minutes, and the properties and "effects" are all well within the resources of any school room. The play opens with a scene showing "The Strangest Hospital in the World," where the beds are occupied by sick vegetables, who are relentlessly pursued by the sucking and chewing insect imp.

Nurse Lady Bug, who, as everyone knows, is a staunch friend of the gardens, calls on Dr. Growem, otherwise Uncle Sam, who enlists the aid of the boys and girls of the United States School Garden Army.

Armed with sprayers, hand pumps, watering cans, arsenate of lead and kerosene emulsion, the youthful army routs the enemy, and victory perches on the banner of the U. S. S. G. A.—a banner which bears the crossed hoe and rake, emblem of the garden army, which in 1919, produced garden stuff worth \$48,000,000.

Copies of the play "Over the Garden Wall" may be secured without cost by applying to the United States School Garden Army, Bureau of Education, Department of the Interior, Washington, D. C.

Through this school garden army, the government attempts to utilize land that would otherwise lie idle and energy that would otherwise be spent wholly in play.

Labor that is enlisted in the school garden army never goes on a strike. There are no problems of transportation. Its field of production is the back yard. The children love the work, to them it is play. What more could be said of it?

"It keeps the children off the streets," says Helen Fitz Randolph, director. "Less than one per cent of the children enrolled for school gardening, ever get into the juvenile courts. It is healthful, invigorating work."

The motto for the coming season is "A garden for every child; every child in a garden."

ment last evening by defeating the Pillrollers in two straight games. Up until these games the Plovmakers' standing in the percentage column wasn't high enough for them to worry over any income tax, but when they started to make things hum in this match they surely succeeded. On the first serve they got a good running start and didn't know when to stop and the Pillrollers didn't help them any in the slowing down act. And before the brakes were applied they had run up 11 points and had the Pillrollers rolling the ball in every direction but the right one. The first game ended 15-4.

The second game was a humdinger from start to finish and was anybody's up till the last point was made. The Pillrollers started out strong, having rallied and settled down to business, and led for a short time but the Plovmakers soon tide them and the game saw-sawed back and forth until the Plovmakers finally ran up to 15 while the Pillrollers succeeded in making 13.

PLOWMAKERS—Leland, captain; Potter, Kent, Cleod, DerKinderen, Lennon, and Vezina.

PILLROLLERS—Schilberg, captain; Wilson, A. L., Rogers, Smith, Horner, Wilson, R. C., and Reeder.

Referee—Rawls. Umpire—Raymond. Scorer—Kuhn.

Tuesday night the Radiators and Pillrollers will fight it out.

THE MAN IN THE MOON

Perhaps there's a man in the moon after
all. Anyway, Prof. W. H. Pickering, in com-
mand of Harvard's Astronomical observa-
tory on the island of Jamaica, has stirred up
the scientists by advancing the claim that
there's life on Luna.

For centuries the astronomers have agreed
almost to a man that the moon was a dead
planet; that it has no atmosphere, no trace of
moisture, not even soil; that it is alternately
baked by fierce sun rays, and tortured by
far below zero frigidities. The moon's is, in
earth time, 14 days and 18 hours long. One
long moon day is red hot, the next deadly
cold. The astronomers believed that these
conditions made life of any kind impossible;
also that the said conditions have long since
turned any soil there might have been on
the moon to solid stone.

Prof. Pickering is some astronomer, how-
ever. He is, in fact, Harvard's best. Since
about 1885 he has been studying the moon
constantly. He had photographed the old
girl thousands of times. He has written books
about her and mapped her, and the best atlas
of her was published by Prof. Pickering.

The moon's most interesting physical fact
through the telescope are its craters, round
depressions. There are variously estimated
to be 100,000 to 200,000 of them and their
diameters run up to 60 miles. Prof. Pickering
has had his eye glued on the crater called
Erathothenes, 38 miles across, for a long time
and he now announces that the floor of Erat-
othenes—a plain—frequently changes its
appearance. During the long lunar day, the
plain gets darker and darker, and Pickering
thinks that this can only come from the
growth of vegetation under the influence of
the sun. If there's vegetation why not human
life?

So far the other astronomers will have
none of it. They insist poor old Lady Luna is
a dead and buried corpse, and they absolute-
ly refuse to grant her the boon of resurrec-
tion and life.

SOLVENT

Predictions that Great Britain was on the
road to a smashup because of the drop in the
exchange rate of the pound sterling may,
like the report of Mark Twain's death, be
considered as "exaggerated."

The fact is that American exporters will
have to be on their toes if they expect to
compete with Britain in overseas trade. In
1918 Britain's adverse balance of trade was
784,000,000 pounds sterling. But in 1919 the
adverse balance was only 669,000,000
pounds sterling.

The tremendous recuperative power
shown by this fact must not be overlooked.
And, besides this, the London Board of
Trade estimates that more than two-thirds
of this adverse balance was met in 1919 by
"invisible exports," including Britain's re-
turn in freight rates on her enormous carry-
ing trade, and returns on investments
abroad.

The British Empire is still, apparently, a
going concern and likely to continue so.

SPANKING PROFITEERS

Five months of operation have proved the
Dallas (Tex.) Anti-Profiteering ordinance a
success.

Only rent controversies have been hand-
led.

Not a case has gone unsettled. Landlords,
have been persuaded to lower exorbitant
rentals asked, and others have been deterred
from asking large increases.

Three men—at present a real estate rental
agent, a labor union representative and a
lawyer—sit upon a board and hear com-
plaints.

Failure to abide by their decision is
grounds for a case in the municipal court.

A BADGE OF GOOD CITIZENSHIP

Wherever you see a contagious disease
warning card posted on a home you know
that the inmates of that home are law-abid-
ing citizens and that a good doctor is in at-
tendance. The absence of such card from in-
fected premises is evidence of carelessness,
approximating criminal carelessness, or of
defiance of law by both inmates and attend-
ants. Citizens of that kind are very distinct-
ly bad citizens, a source of danger to their
friends and neighbors and a positive menace
to the community. Thousands of cases of
preventable sickness and many hundreds of
human lives are annually chargeable to such
lawless persons. Swat 'em and swat 'em
hard.

BUSINESS PROFITS.

Reduce your profits now and you'll assure
yourself future permanent and substantial
profit.

This is the advice given business by John
Skelton Williams, comptroller of the cur-
rency.

He believes business profits must now be
cut, or soon there'll be none. He suggests
the "thinnest reasonable margin of profit" as
the best assurance of future profit. This,
too, he points out, will reduce the cost of liv-
ing. Bankers are asked to help in restrain-
ing speculation in commodities as well as se-
curities. This, also, will help cut the cost of
living.

But if profits continue abnormally high,
and Williams insists that is what they now
are, there'll surely come a slump, and pres-
ent profits—and more!—will be swallowed
up in that profitless era. Business can avoid
that by reducing profits now.

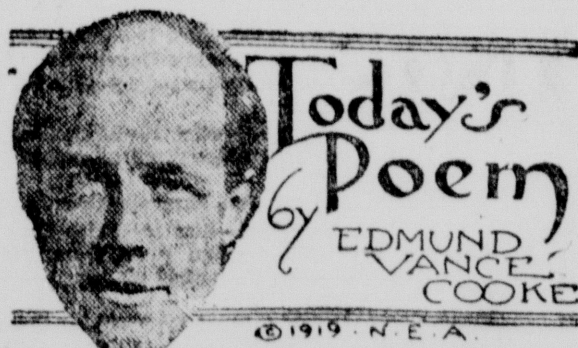

Governor Edwards of New Jersey for
President. Why? Because he's wet. That's
the reason and the only reason advanced,
and the only reason needed for the wets. It
would be a fine thing to elect a man Presi-
dent of the United States just because he
wants more booze.

The new Chamber of Commerce, the new
Kiwanis Club, and the new spirit of progress
that has been aroused in Dixon citizens,
should show some results during the coming
year.

Dixon has ten years to get ready for the
next census. From the forecasts of the last
census, it isn't any too early to start doing
something about it right now.

No matter what kind of a job a man gets,
he has to wear out something. One wears
out his shoes and another the seat of his
pants. Both are priceless.

Every nation in the world is convinced
that it is the duty of every other nation to
settle down and increase production.

THE LOWLY MOUND

I am mankind's first altar and his last;
I am his future as I am his past.
I am that Mount Olympus god-bestrewn
Whose dusts are worshipped neither night
nor noon.

I am that Sinai whence the thunders rolled
And in my bosom Abraham's tribes I hold.
I am that Cheops wherein Pharaohs lie,
Swaddled and spiced and fearful lest they
die!

I am that symbolled and that serpent Mound
Remnant of some lost race which trod this
ground.

I am that Calvary Hill and wear a cross,
Symbol of gain which some men call a loss.

I am Himalaya's ridge which splits the sky
And in whose vast embrace past peoples lie.
I am the Mounts Delectable, whose slope
Glimpses the distant vision men call Hope.

Though all the earth be leveled, I shall rise
As long as mankind lives and loves and dies.
There is no way nor route but leads to me,
No street nor path, nor lane by land or sea.

I am that lovely mound of faiths and fears,
Whose tender grass grows green because of
tears.

I am the Eternal Riddle asking "Why?"
To know my Answer you must live—and die!

(Copyright, 1920, N. E. A.)

THE BOYS IN THE OTHER CAR

BY GROVE

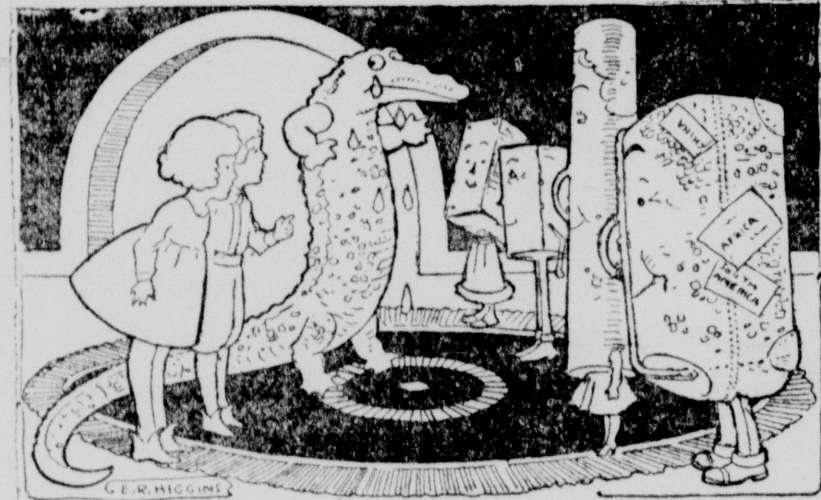

ADVENTURES OF THE TWINS

by Olive Roberts Barton

"Well," said Mr. Alligator, hurrying on with his story, "Mrs. Alligator
and I and the children lived in Dixieland a long time. We were very poor, the
only kind of a bank I knew about, being the mud bank we lived in. How
could I ever educate my children to be fine like the French poodle, and the
Persian cat, and have them become grand folk? Algernon wanted to travel, it
was all he talked about; Adeline was musical; Addison wanted to be a banker,
and Alicia wanted to be a princess and wear jewels."

"We were all very unhappy, until one day the Fairy Queen came to the
mud bank, and gave us each one wish. If you're willing to live in Topsy-Tur-
vy land," said she, "you may have what you want." So we agreed. Mother
and I wished to have a fine house and be society leaders, and you know what
the children wanted!"

"That's not a sad story," said Nick. "It sounds very happy."
"Happy," cried Mrs. Alligator. "Wait till you see the children though!
Here they come now. This is Algernon." And in came a very fine alligator
valise. "You see," said she, "he wanted to travel. And this one is Adeline

The twins were too greatly astonished to speak at first.

who couldn't get enough music. She's full enough of it now." And an all-
igator music roll made a bow. "The next is Addison, who wanted money—he's
a pocket book now, you see, and the last is Alicia, who wanted jewels. Well,
she has plenty, for she's a jewel box."

"The twins were too greatly astonished to speak at first."
"To you think you can help us?" asked Mr. Alligator anxiously.
"Oh, yes," promised Nancy then. "We'll as our Green Shoes to take us
to the Fairy Queen and she'll send you all home to your mud bank again, I'm
sure, and give you back your children."

relating to hygiene, sanitation, and
the prevention of disease. Address:
INFORMATION EDITOR, U. S.
Public Health Service, WASHING-
TON, D. C."

THE FIRST PERMANENT TEETH.

Considering their influence on the
development of the teeth as a whole,
the first permanent molar are per-
haps the most important of all the
teeth.

They are the largest of the teeth
and the firmest in their attachment,
which, together with their location in
the arches, makes them the most im-
portant teeth in the chewing of food.
By the length of their crowns they
also determine the extent of the sepa-
ration of the jaws and length of bite,
and in this, as well as in many other
ways, are factors in the artistic pro-
portion of the face.

Being the first of the permanent
teeth to take their position in the
arches, they exercise great control over
the position which the other teeth
in front and behind them shall oc-
cupy as they appear at their respective
periods and take their respective
places in the mouth.

Be sure, therefore, to watch for the
appearance of the "six-year molar,"
and when it appears, the sixth tooth
counting from the front center, care
for it as the most precious gem in the
whole front set. It is not only the
chief grinder at this time, but on its
proper location depends the regularity
of the second set, as well as the proper
development of the features.

Q—I frequently suffer with
diarrhea. Will you please tell me

what causes it and how it may best
be treated?

A—The most frequent causes of
diarrhea are the wrong kinds of food,
food improperly prepared, drinking
water containing germs, or parasites,
or some disease of the bowels. Diar-
rhea is a condition, or a symptom,
indicating that something is wrong.
It is a danger signal that should not
be overlooked.

Q—I suffer frequently with dizzi-
ness while at work. Will you please

ABE MARTIN.

What's become of the old time
gentleman with a plug hat and a
dirty shirt? Th' leadin' mystery
in eve' town is why some couple
don't git married have th' agony
over with.

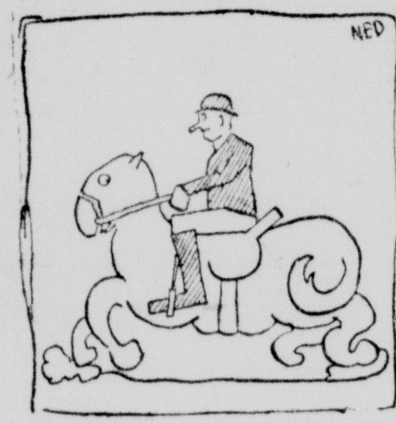

tell me what is wrong?

A—The dizziness you complain of
may be vertigo, but it would be un-
wise to attempt to diagnose your case
without a personal examination. Diz-
ziness, or vertigo, is an indication that
something is radically wrong. It may
be caused from constipation, indiges-
tion, kidney disease, hardened arter-
ies or blood vessels, some disease of
the brain, the eyes or the ears.

Q—Would you advise the use of
turbentine in the treatment of small
cuts and wounds?

A—Instead of turbentine use iodine.
Turbentine is not a reliable antiseptic
and has no healing power. Iodine is
a safe and effective antiseptic and
should be applied immediately to all
small cuts and wounds.

SUCH IS LIFE

Autos are so ordinary.
Every laborer and clerk,
Every Tom and Dick and Harry
Motor down to go to work.

Oswald Usgul's genius lurks in
steering from the common course
To the Tea Room that he works in
Oswald always rides a horse.

Howard Cerf, Indianapolis, Ind.,
stole an automobile; sentenced to life
imprisonment.

"All I did was to hold the maid on
my lap and tell her how much I lov-
ed her," Peter Smith, Chicago, con-
fessed, "while the other fellow stole a
case of wine."

Gentlemen interested in the latest
fashions should make note of the fact
that Mr. Babe Ruth, well-known base-
ballist, was "attired in a blue serge
coat, pearl gray trousers, a soft shirt
of finest texture, a sifken collar and
a scarf that was the ultra in fashion."
But that is not why Mr. Ruth is
paid such a fabulous salary.

W. B. Colver, head of the Federal
Trade Commission, tells this one:

A sad-looking guy comes to Colver's
office.

"What's troubling you?" queried
Colver.

"Airplanes," replied the dejected
one.

"Airplanes?" asked Colver. "I
thought you was in the fish business."

"So I am, but airplanes have play-
ed bob with the fish business."

Colver was all ears.

"It's this way," the fishman con-
tinued, "fresh water fish are very in-
telligent, but not strong; salt water
fish are fools but have great
strength."

"Yes, yes," said Colver.

"And since airplane manufacturers
have been buying the best linen we
have to use cotton nets. The fresh
water fish are too smart to get in 'em,
and the salt water fish are so strong
they go right through them."

If spring had never been invented
there'd be no such things as house-
cleaning, hauling away the ashes and
taking sulphur and molasses.

Also there'd be no Easter eggs,
spring bonnets and riddles in the
back yard to sail boats on.

"I'll bet you know who is boss in
this house," observed Mr. Tom Duff
during the course of a recent quar-
rel.

"Huh!" exclaimed Mrs. Duff. "I al-
ready know who is boss, and she says

"Huh!"

"Huh!"

"Huh!"

"Huh!"

"Huh!"

"Huh!"

Confessions of a Bride

(Copyright 1920, by The Newspaper Enterprise Association)

"A ghost? What are you talking about, Jane?" Bob held me tight and
looked sharply into my face.

I Am Paralyzed By
the Sight of a Murdered
Woman.

By that time I was too frightened to speak. The thing which I saw with
my two wide eyes had taken shape from a waving cloud of smoke. It was the
elegant figure of a regal woman. Her trained and clinging gown made a
graceful curve in the light of the moon. My eyes were held to that shape. I
saw it emerge from the smoke and round itself from the flatness of the floor.
The features of the face grew clear—and clearer. They were exactly those of
the only woman I have ever detested: I seemed to be gazing on the fine pro-
file of that dreadful rival of mine—the girl with the tawny tresses.

About the slender white throat of the figure was a dark and jagged line
upon the breast, a dark stain.

I was shaking with horror. I was cold to the bone.

"Jane! Speak to me!" demanded my husband.

I couldn't move my lips, I couldn't turn my head, although I longed to
hide my face on his breast and so shut the horror out. I was stiff as one of
the dead. Hand nor foot, I could not move. I was conscious that I was par-
alyzed—and quite unable to overcome my condition!

Bob shook me—and shook me again. Then he kissed me, but I scarcely
heard his voice or felt his lips.

Suddenly he stooped and picked up the electric flash by the light of which
he had made the fuse. Without a word of warning, he turned the glare of it
squarely into my eyes. It hurt them. I closed them, shuddered in my hus-
band's arms, caught my breath in short hard gasps as a child does after a
terrible fit of sobbing, and then my knees gave way beneath me.

When I came out of my swoon, Bob was holding me in his arms and try-
ing to keep my body from touching the grimy floor.

"All right now, dearest?" he asked anxiously as if he hardly expected that
I was right enough to make a sane reply.

"I think—I am," I murmured. "What has happened?"

"You stiffened, sweetheart—like a man I once saw in a fit. My God, Jane,
You gave me a scare! You chattered about a ghost—and I thought you might
die and become a real ghost yourself! There isn't the least history of nervous
disease in your family, I'm sure."

"Never has been, Bob. Was I—badly—off my head?"

"You certainly were, my love," Bob replied. "We'll get back to our own
room before we talk any more. Can you sit up while I dispose of the litter
I've made? And can you remember, if you ever need to, just where I've hid-
den the end of the fuse which will blow all this ammunition to the stars?"

Bob gave me further instructions about taking care of myself in case I
ever had to light the fuse, as we walked back to the attic. As we might have
expected, we met that mysterious and magnificent lady, the housekeeper in
thigh near our room.

"Did you see—the murdered lady?" This is the brief form of the ques-
tion she whispered with elaborate Mexican politeness.

"I saw nothing at all, Donna Camilla," Bob replied.

A queer smile which was almost a sneer spoiled the dame's aristocratic
features.

"The signora is white! Some wine?" asked Donna Camilla.

"No, thank you. Mrs. Lorimer is only very tired. It is late. She will be
all right as soon as she has had some sleep. Thank you, Donna Camilla."

Bob made his best bow. I thought he was overdoing his politeness a little. I
wondered why. As soon as we were alone, he explained in his own way:

"Jane, were you ever hypnotized? Ever in your life? For a joke? Or per-
haps to cure a headache? Or maybe when a tooth was extracted? Think be-
fore you answer, darling!"

(To be continued.)

if you don't stop littering up the floor
with cigar ashes you will do your
smoking in the basement."

Gitts moved onto the farm he vacat-
ed.

HARMS EXPLAINS WHY LUMBER COSTS SOAR HIGHER THAN BEFORE

Letter From Lumber Co. Officials Also Sheds Some Light.

"Why is lumber so expensive and why do prices of building material continue to advance? are questions continually asked by prospective builders and the public in general, says H. W. Harms, general manager of the Wilbur Lumber company.

"I believe that people are really interested to know why they are paying such high prices for things nowadays and some times the reason is very hard to explain," Mr. Harms stated. "I am constantly answering questions like the above and generally after an explanation has been made, the customer is pleased with his purchase or at least, is satisfied that he is being honestly dealt with."

Mr. Harms in answering such questions quotes from a letter recently received from J. E. Rhodes, secretary-manager of the Southern Pine association in which the situation is thoroughly explained.

Heavy Call By Government.
"You are familiar with the general economic conditions which affect the prices of all commodities," writes Mr. Rhodes. "The war is, of course, responsible for this condition. The government made a very heavy call on the southern mills for war needs, when in eighteen months 3,500,000,000 feet of stock was shipped, absorbing practically all lumber available for shipment.

"After the needs of the government for building of cantonments and ship construction were largely met, lumber production was discouraged, private building activities curtailed and later practically prohibited.

"Stocks on hand reported by 176 mills, January 1, 1918, were 1,216,148,261 feet. On January 1, 1919, the same firms reported 27.14 per cent less stock, or a shrinkage of 332,668,718 feet. The production of southern pine during 1919, as reported by our subscribers, was but 79 per cent of normal. This reduction of output is the result of a combination of causes.

Labor Was Withdrawn.
"During the war labor was withdrawn to more essential industries. It is estimated that at least 200,000 negroes went out of the southern states attracted largely by the north and east by the high wages paid by the munitions plants, and only a few of these have returned to this section.

"The south is still suffering from

extreme labor shortage. It caused nearly 20 per cent of the cotton crop to be unpicker during the fall. But greater than the labor shortage is labor's deficiency.

In July 1914, the month previous to the beginning of the world war it required 23.3 man hours to produce 1,000 feet of lumber, whereas in July, 1919, the production of 7,000 feet of lumber required 37.5 man hours. The labor cost increased from \$6.01 per 1,000 feet to \$13.50 or 125 per cent. The increased labor cost on January 1, 1920, was even more.

In July, 1918, the mills reported it necessary to keep on the pay rolls 134 men in order to maintain a full crew of 100 working each day; whereas in July, 1919, the mills reported it necessary to keep 153 men in order to secure a continuous crew of 100.

Strikes and Breakdowns.
"During eleven months of 1919, owing to strikes and breakdowns, a decrease of production of \$80,299,000 feet was reported by our subscribers. One of the chief causes for this loss of time was lack of logs.

"The inability to keep the mills stocked with logs was due, in addition to the inefficiency and indifference of labor, to the unprecedented rainfall in the gulf region. This heavy precipitation caused numerous floods and washouts and rendered logging impossible much of the time.

Add to the above reasons a great shortage of cars and shipping facilities and the fact that enormous quantities of lumber are being shipped to Europe and Russia, the principal source of lumber supply for Europe has practically ceased production, the high price of lumber at the present time is explained.

"Normal market conditions cannot be resumed until the housing shortage is largely relieved and until the mills are able to produce more lumber," Mr. Rhodes adds. "Much progress will undoubtedly be made toward meeting both these conditions during the next several months."

PAW PAW.

Dr. Legner and wife are the parents of a baby boy born, Feb. 28.

Sure Relief

BELL-ANS FOR INDIGESTION
6 BELL-ANS Hot water Sure Relief
FOR INDIGESTION

have gone back to Lytton, Ia., to work this year.

Charles Owens and family, of Amboy, visited relatives here Saturday.

Mrs. Clara Emery, of Amboy, visited relatives here the last of the week.

Mrs. Ida Gorton has been quite ill and is under the care of a trained nurse.

J. B. Douglas and wife were called to Sheffield the first of the week by the serious illness of the latter's son, Charles Hamrick, who has the influenza-pneumonia.

Stanley Graham has gone to Charles City, Ia., to work.

Sheldon Cook and family went to Sandwich last week to see his mother and his sister, Mrs. Lane, who were quite ill.

Hicks Chowning has gone to Rock Falls to work for a few weeks.

Mrs. Libbie Parker, of Compton, spent Saturday in town.

Charles Ziegler has returned from a several weeks' stay in Florida.

Ralph Potter, who is a patient at the Rochelle hospital where he submitted to an operation to have his lungs drained, is making a good but slow recovery.

The two little girls of Clyde Mittan, who have been ill so long, were removed last week to the Rochelle hospital where the older, Gladys, submitted to an operation for appendicitis and the younger, Mary Ellen, had an operation, draining of the lungs.

Miss Garnet Rasey spent Saturday in Chicago.

Death took one of our most highly esteemed ladies when Mrs. Addie

Beemer passed away at the Lincoln hospital at noon, Feb. 23rd. She was taken to the hospital to submit to an operation but her condition was discovered to be such that an operation was not possible and that the end was near, and her children were summoned.

The funeral was held here in the Methodist church of which the deceased was a devout and faithful member. The Rev. Mr. McMahon, her pastor, officiated. At a written request left by her, Rev. O. T. Canfield, former pastor, assisted in the services, and the Foster chapter, O. E. S., had charge of the services. Interment was made in the Wyoming cemetery. The body was laid to rest in a beautiful solid copper casket. Mrs. Beemer was the true friend of many and many great her generosity to kindness and great her generosity to kindness.

Addie M. Powell was born in Chicago on the 12th day of October, 1859, and passed away Feb. 23rd, 1920, at the age of a little past sixty. She was the daughter of Isaac and Fannie Powell. In the year, 1880, she was married to Henry Beemer and to this union were born two children, Mrs. Luella Bradley and Lee Beemer, both of this place, who are left to mourn the loss of a loving mother.

The husband preceded her in death. After his death she moved to town from their farm and enjoyed life for a few short years in a beautiful new home which she had built. She was a member of the Order of Eastern Star, Rebekah Lodge, and Woman's Relief Corps. She leaves beside her son and

daughter, five grandchildren and a brother and sister.

Lieut. E. E. Leopold, of Ft. Sheridan, spent the week-end at the A. S. Wells' home.

James Barber, of Bensenville, Ind., was here on business the first of last week.

Miss Winnie Tarbell was a Waterman passenger Monday morning.

Jay Bennett spent Thursday in Chicago on business.

Mrs. Charles Lynch spent one day the first of the week with relatives in Shabbona.

George Barber, who works in Batavia, was home for the week-end.

Mr. and Mrs. W. A. Pratt spent a few days of last week in Chicago at the Ned Warren home.

Mrs. Charles Tiesman visited in Rockford last week at the home of her daughter, Mrs. Guy Glover.

Miss Edna Pulver spent the week-end in Aurora with her sister, Henrietta, who works there.

Charles Terhune has returned from Nebraska where he has been for some time.

Asa Jordan has returned to town after spending the winter out of town trapping.

Wesley Jordan and family, of Shabbona, have moved into the Bennett house, vacated by the Caner family.

W. H. Smith visited in Chicago with relatives for a few days last week.

James Knetsch, who works in Rockford, was home for the week-end.

A. L. Coakes left for Davenport, Ia., the first of the week where he was called by the death of his father-in-

law. Mrs. Coakes had been there with her father for several days preceding his death.

J. T. Mortimer and A. C. McBride were Dixon business callers last Friday.

Mrs. Mark Sampson, of Sterling, spent the past week at the Charles Baker home.

Tom Williams, of Clare, was here one day the first of the week.

Eraa Betz left last week for a business trip to Iowa.

Mrs. Lillian Nisbet, of Portland, Ore., is here visiting relatives and attending to business matters.

Miss Ellen Mitchell, accompanied by her mother, was in the city last week doing her purchasing in spring millinery.

Another dancing party was held in the opera house on Monday evening which a large crowd enjoyed. Music was furnished by a orchestra from Oregon.

Mrs. A. C. McBride was brought home from the Lincoln hospital the first of the week. She is making a good recovery.

Edward Bly, a recently discharged soldier, visited at the home of his uncle, N. E. Hammond, last week. He had been a convalescent in the hospital at Ft. Sheridan the past several months.

Mr. and Mrs. Johnathan Hampton celebrated the fifty-eighth anniversary of their marriage on February 20th, 1920.

Weaver & Nangle have an agency for a phonograph.

HOME IS OPENED TO THE LONESOME

Akron, March 12.—Russell L. Book-er and his wife open their big house every Wednesday night to Akron's

lonesome folk. There's no organization and no obligations whatever. If you are a stranger or just plain lonesome you're welcome to come to the Russell home for music and conversation.

SPRING SUITS

Men's Wear Serge
Tricotine,
Poplin,
Jersey Cloth,

We ourselves hail it with joy, because we have spent many weeks of hard work and careful discrimination in selecting for you the garments that are certain to merit your praise.

There is an atmosphere about these garments that make you feel more deeply the ever-recurring rejuvenation of the entire world. But beyond "atmosphere," there is a substantiality in the garments we show which means more than the style of the season. While we adhere to the modes, there is an individuality in these garments—and while there is individuality, there is a quality of fabric and workmanship which makes them the very best garment value you can possibly secure.

The Palmer Garment

We do not like to cry, "Wolf, wolf," but it is only fair to say that labor and fabric conditions are such that garments are not easy to obtain from the manufacturers, so we advise that you make your selections as early as possible.

Whether you are ready to buy or not, call and see just how we are prepared to serve you in the way you like.

The Palmer Garment

You Get What You Give

WHEN a business fails the financial statement reflects the conditions at that time, but the real reason for failure is seldom shown. In many cases the true reason is that the business performed no service which was necessary or useful to society generally.

Every individual must give a useful service if he is to prosper, for society will refuse to maintain him if he fails to be useful to society.

When we find a business which has been notably prosperous over a long period of years, we may be sure that it has won its position by performing a service useful and necessary.

That, in a word, explains the continued, ever-increasing success of the Standard Oil Company (Indiana.)

This Company is included in the list of big business because the ideals of service which it holds and maintains are big.

The Standard Oil Company (Indiana) is big because it recognizes the necessity of developing its sphere of usefulness to the highest degree and of maintaining this high standard in spite of every obstacle.

The success of the Standard Oil Company (Indiana) proves that it is performing a useful service and that every link in its chain of achievements is delivering an added benefit to civilization and to you.

Service is the first consideration of this organization, for it knows that by increasing its service to the public its earnings will automatically grow, and all will profit by its activities.

Sunday School 9:45 a. m. W. E. White, Supt.
Regular Service 11:00 a. m. Subject: "Five Loaves Among Five Thousand."
Luther League 6:30 p. m.
Evening Service 7:30 p. m.
This service is special. The Service Flag bearing 51 stars will be lowered. One of the stars has turned to gold. Already invitations to the men whose stars appear on the flag have been sent, and to their nearest relatives. Special music with a brief address by the pastor will mark the service.
Tonight (Friday) the Brotherhood will meet for permanent organization. The constitution will be adopted, and the charter membership list will be closed. A splendid group of men is making up this organization.

GRACE U. E. CHURCH
Rev. C. G. Unangst, Pastor
9:45 a. m. Sunday School. Lesson

YELLOW MUSTARD FOR RHEUMATISM

A good hot mustard plaster or poultice is pretty sure to overcome most rheumatic pains and even sciatica and gout but it's a mussy affair and generally blisters.

Heat is absolutely necessary if you want permanent relief. Begy's Mustardine, made of true yellow mustard with pain relieving ingredients added is just as hot, is cheaper, cleaner and more effective than the old fashioned poultice or plaster and cannot blister.

Besides rheumatic pains and swellings Begy's Mustardine is speedily effective for lumbago, backache, neuritis, pleurisy, bronchitis, sore throat, chest colds and all aches and pains because heat eases pain—30 and 60 cents at druggists or by mail, S. C. Wells & Co., LeRoy, N. Y.

BEGY'S MUSTARDINE
IN THE YELLOW BOX

"Save the surface and you save all!"

SLOW ruin is dangerous because its gradual progress is often unnoted.

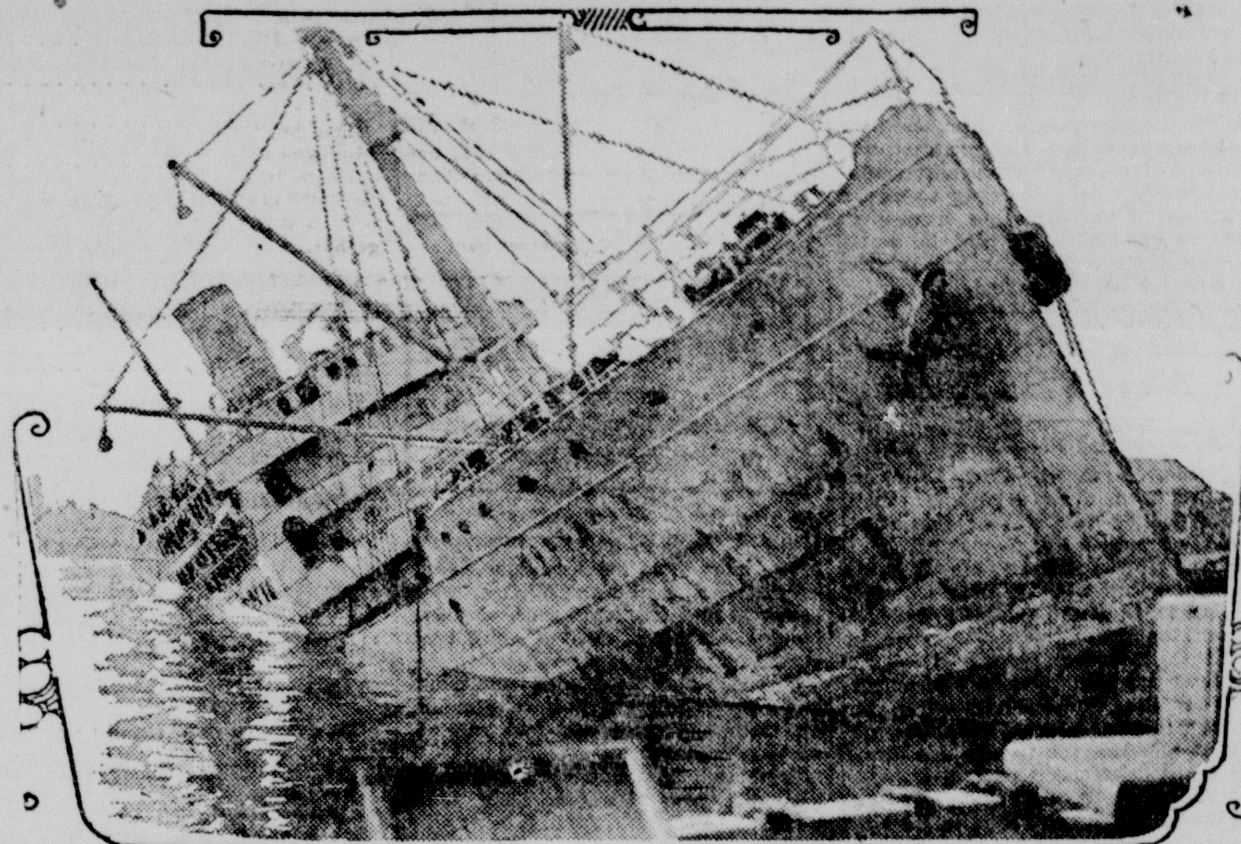

In the matter of paint and varnish the tendency is to put off and put off and put off.

Perhaps our complete assortment of color charts, suggestions and samples will help you speed things along.

At least—let's talk it over!

ANOTHER FORMER GERMAN LINER SINKS AT PIER

BROOKLYN—The S. S. Moccasin, property of the U. S. Shipping Board, and formerly the Prince Joachim of German registry, sank recently at her pier. It is believed that someone opened the vessel's sea-cocks. This makes the eighth former German ship, now owned by allied countries, that has gone down mysteriously.

on The Glorified Christ, as He Appeared to John on the Isle of Patmos. Rev. 1.

10:45 a. m. Sermon by the pastor. A review of the past year's work. Very interesting things will be presented.

6:30 p. m. Young People's meeting. Topic: "Patience and Its Rewards." I Cor. 13:4-7. Luke 21:19. F. W. Beckingham leader.

7:30 p. m. "The Story of the Pink Rose." Very interesting. If you miss this service, you will be sorry. People will talk about it next week. Come early and get a good seat.

THE METHODIST CHURCH
Rev. E. C. Lumsden, Pastor
Sunday School at 9:45. Supt. C. C. Hintz.

Morning Service at 10:45. Subject: "Apostolic Optimism."
Epworth League at 6:30. Leader Hazel Dillon.

Evening service at 7:30. Subject:

"If Jesus Should Leave Dixon."

The DeHaven Quartet will sing at this service. We want all of our members to be at this first service of our gospel meetings. Rev. Briggs will be here Monday evening for the first.

Junior Church Wed. at 4:00. Rev. Briggs will sing and speak.

Junior choir Fri. at 4:00.
The next two weeks will be set aside as the church work weeks. There will be preaching each evening at 7:30. We cordially invite all Dixon people to attend. There will be excellent singing. You will be greatly interested in the messages that Rev. Briggs will bring. He was one of our very successful overseas chaplains. The pastor has some messages you need to hear. Let us lay aside every social engagement and give this Lenten period our entire attention. Pray for the success of Zion. Be with us in the Sunday services.

SPRING HATS

A large number of the women of Dixon have already discovered that this Spring it will be possible to purchase Hats at our store, altogether correct as to style and material, at from one-third to one-half less than they must pay elsewhere. These Hats are direct from New York, trimmed by experts and are of varied shapes and styles—no two alike.

We can sell these desirable trimmed Hats at such comparatively low prices because of our variety of merchandise—the short millinery season does not have to enter into our calculations in fixing prices.

These most attractive millinery offerings range in price from \$4.50 to \$9.00.

RIBBON

We have just received a big shipment of the new Ribbons—all the most desirable color combinations as well as plain colors. Ribbon promises to play an important part in trimmings for the coming season and all mothers know what a crisp new Hair Ribbon will do for her little daughter's appearance.

Compare our prices with others.

Our prices range from 5c to 59c per yard.

ACRE TRACTS

1-acre, 2-acre, 3-acre and 5-acre tracts, adjoining the city. Good soil. Nearly level. No buildings.

LOTS

Prices of building lots haven't gone up yet. Buy now, while they are cheap, and build just the kind of a house you want in a year or two when lumber prices get back somewhere near the earth.

Good lots, from \$100 up, \$25 down, balance monthly, or any way you want to pay.

Four lots in a cluster, \$500; 18 lots in another cluster, \$2000. Fine soil and location, just the place for a Hen Ranch.

Easy terms on almost everything we have to offer. Some can be bought for as little as \$200 cash down. See us for particulars.

Siberia, covering almost 5,000,000 square miles, has only about 10,000,000 people.

Telephone communication between New York and Chicago was established in 1883.

"Here we are, in tip-top shape"
—Chesterfield

YES, and that's the way Chesterfields always arrive—crisp, fresh and in prime shape for smoking. It's the extra wrapper of moisture-proof paper that does it. Your Chesterfields never become too moist or too dry.

THAT WELL-DRESSED LOOK

Husbands and brothers have always been so superior about their ability to buy their clothes without "shopping." They've viewed with amusement woman's painstaking selections of materials and endless "Fittings" and anxiety "how it will look."

It hasn't been their masculine efficiency as they'd like you to believe—not a bit of it! They've always been able to purchase nationally known coats and suits smartly cut and well tailored.

The little label in the collar is a sign of assurance of the makers that the best that could be bought is in that coat or suit.

We buy Wooltex tailor-mades with the same easy assurance. Isn't it a satisfaction to know you have the best to be had and that you will never feel ashamed of your suit or coat wherever you are? That's what we say for a Wooltex Tailor-made and they cost no more than other high grade garments.

This signature on its bit of white satin appears in every garment and is a source of satisfaction to every purchaser—it insures "That Well-Dressed Look."

MEADOWBROOK

This smart Polo coat illustrated here has large pockets, convertible collar, self-stitching and a narrow leather belt that makes it an unusual wrap. The raglan shoulders are snug and large double-stitched seams. This model shown in the Pistoche shade.

PRICE \$49.50

Other models equally smart and many of the chick little overcoat models at—

EXPECT ARREST
125 INDICTED
MEN NEXT WEEK

Noisy Echo of Recent
Coal Strike in Jury
Action.

By Associated Press Leased Wire
Indianapolis, Ind., March 12.—One hundred and twenty-five coal operators or miners of Indiana, Illinois, Ohio and Western Pennsylvania today are facing arrest as the result of an indictment returned yesterday afternoon by a special federal grand jury here charging them with conspiracy in violation of the Lever Fuel Control Act and the Federal Criminal Code. No names have been made public and their identities will not be known until capias are served. However, it is known that more than half of the number are operators and that many of the alleged violations antedate the strike of bituminous miners which brought about the grand jury investigation. The grand jury has been in session almost continuously since December 17, 1919, and it is said, examined more than 300 witnesses.

Bonds Are Named.
Bond for those indicted was fixed by United States District Judge A. B. Anderson at \$10,000 in some cases and \$5,000 in others. Penalty on conviction of the charges under which the indictment was brought—conspiracy to commit an offense against the United States—provided for a fine of not more than \$10,000 imprisonment for not more than two years, or both. The investigation was ordered by Judge Anderson on December 4, following an information against members of the United Mine Workers alleged to have been instrumental in bringing about the miners' strike. Federal officials said today that capias would be served on those indicted as soon as they could be prepared. No arrests, however, were expected before next week.

Brief Summary of
Last Night's News

By Associated Press Leased Wire
BEIRUT.—The Syrian congress at Damascus declared Syria to be an independent state and it is reported Prince Feisal was crowned King.

TOKIO.—Two American Methodist mission schools in Korea have been ordered closed by the governor general as a result of participation of students in celebrations of Korean independence day.

NEW YORK.—Freight rates on foodstuffs shipped to England on British ships have been increased from 45 cents to 75 cents a hundred pounds.

DUBLIN.—In disturbances Wednesday night, Sergeant Nazer was shot dead and a constable wounded at Rathkeale, near Limerick, an in-

spector and a civilian were wounded in Cork; and in Limerick an inspector was shot and seriously wounded.

LONDON.—Plans of the Bolsheviks for a big attack on the Poles have been forestalled by Polish advances, according to information at the war office.

Budapest.—Alexander Simonyi Semedean, a lawyer and ardent champion of the Christian movement has accepted the task of forming a new ministry.

ALBANY.—A mysterious malady has caused the death of two prisoners at Dannemora prison and caused five to become blind and 25 partially blind.

CINCINNATI.—Rev. Dr. A. L. Shelton, missionary, who has been held captive by SChinese bandits has been released, according to word received here.

WASHINGTON.—Recommendations that the United States accept a mandate over Armenia are understood to be contained in the report of the American commission under Major General Harbord.

PARIS.—A bill introduced in the chamber of deputies by the government re-establishing relations between France and the Vatican, was tabled.

HOT SPRINGS, ARK.—Young Fitzsimmons won the referee's decision over Jack Dillon in 10 rounds.

SAN ANTONIO.—Ottawa Wallace outpointed Bobby Vaughn in 10 rounds.

ST. LOUIS.—Jack Lawler received the newspaper decision over Frankie Tucker in 8 rounds.

Daughter Former
Dixonites is Dead

Word of the death of Hazel Bailey, four-year-old daughter of Mr. and Mrs. D. A. Bailey, former residents of Dixon, has been received by Mrs. L. O. Reese, a sister of Mrs. Bailey. No further particulars were included in the message.

Charles Coffman, of Polo, was a Thursday morning caller.

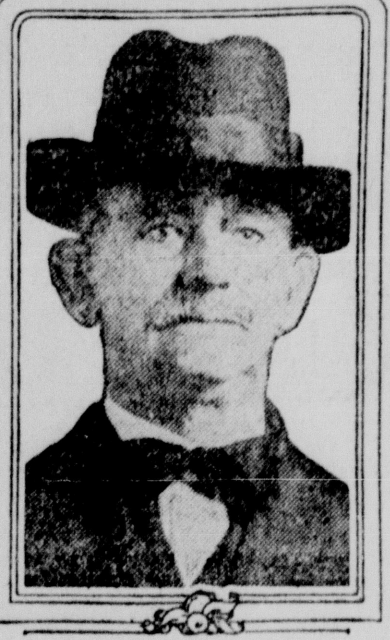

STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo. Furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not greasy, salve and it doesn't stain. When others fail it is the one dependable treatment for skin troubles of all kinds. The E. W. Rose Co., Cleveland, O.

H. W. BORING, a well-to-do Kansas farmer, says he has gained twenty pounds in weight and is in better general health than he has been in years since taking Tanlac.

shape. I would have pains across the small of my back so bad at times I could hardly move around. "My nerves were all unstrung and I would become up-set at the least little thing. I seldom slept well at night and, finally became so weak and run-down that I lost weight rapidly. I was also troubled a great deal with catarrh and of morning had to spend a half hour or more clearing up my head.

"This is just the condition I was in when I began taking Tanlac and it certainly has been a blessing to me. It just seemed to be made especially for my case. I improved from the very first. My digestion now is perfect and regardless of what I eat I never suffer any bad after effects. "The pains across my back have entirely disappeared. The catarrh has left me, too, and my head is perfectly clear. I am no longer nervous and rest well every night. I have regained my lost weight and am feeling better and stronger than I have in years. I am going to keep Tanlac in my house so it will be handy at all times."

Tanlac is sold in Dixon by the Public Drug & Book Co., and by the leading druggists in every town.

New Party to Have
National Ticket

"Since Tanlac has overcome my troubles I have gained twenty pounds in weight and am in better general health than for years past," was the straight-forward statement made a few days ago by H. W. Boring, a prominent and well-to-do farmer living at Overland Park, Kans.

"During the two years I suffered I tried everything I knew of to get relief, but nothing seemed to reach my case until I tried Tanlac. My appetite was poor and my digestion was so bad I could hardly retain my food. Nothing agreed with me; in fact I was almost a confirmed dyspeptic. My whole system seemed to be out of

St. Louis, Mo., March 11.—A new political party with the committee of forty-eight as its nucleus, will have candidates for President and vice president in the forthcoming national election, it was announced here today. Paul Harris Drake of Boston, a director of the "Forty-eighters" said the proposed party would be composed of "Liberal" organizations such as the American Labor party and various farmers' societies. Candidates will be selected at a national convention to be held probably here next June, he explained.

Miss Mollie Duffy is ill.

White Sox to Leave
Tonight for South

By Associated Press Leased Wire
Chicago, March 12.—The Chicago American League baseball team will leave tonight for Waco, Tex., for spring training. Manager William Gleason and thirty-five members of the White Sox, including Eddie Cicotte, the veteran pitcher, who has been holding out for a better contract, will make up the party. Cicotte announced yesterday he was ready to sign a contract "if an amicable agreement can be reached," and said he would accompany the team south regardless of whether he had signed.

Wilde and Mason to
Meet This Evening

By Associated Press Leased Wire
Toledo, March 12.—With both contestants down to the stipulated weight—105 pounds at 3 o'clock this afternoon—Jimmy Wilde, flyweight champion of Great Britain and Frankie Mason of Fort Wayne, Ind., are ready for their 12-round bout at the Coliseum tonight. Ad Q. Thatcher, promoter, sought to have the bout made a decision affair for the international title, but Dave Hughes, Wilde's manager, objected and the contracts were drawn up for a no-decision encounter. Ed. Smith, a Chicago newspaper man will be the third man in the ring.

Hughes having objected strenuously to Oliver Pecord, the Toledo boxing commission's official referee. Both boxers have been training faithfully and are pronounced in first-class condition. Last night Mason weighed 107 pounds and Wilde 105. Wilde will draw down \$10,000 while Mason accepted \$5,000.

An ornamental holder has been designed to contain a milk bottle and enable it to be used as a pitcher.

DYES HER GARMENTS

BUT NONE CAN TELL

"Diamond Dyes" Turn Faded, Shabby Apparel into New

Don't worry about perfect results. Use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any fabric, whether it be wool, silk, linen, cotton or mixed goods,—dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings. The Direction Book with each package tells so plainly how to diamond dye over any color that you can not make a mistake.

To match any material, have druggist show you "Diamond Dye" Color Card.

CHICAGO AND NORTH WESTERN RAILWAY COMPANY

Notice of Special and Annual Meeting

Notice is hereby given that a Special Meeting of the Stockholders of the Chicago and North Western Railway Company, duly called by its Board of Directors, and the Annual Meeting of said Stockholders, will be held at the General Offices of the Company, at No. 226 West Jackson Boulevard, in the City of Chicago, Illinois, on Tuesday, the 13th day of April, 1920, at 11:00 o'clock a. m., for the purpose of considering and deciding:

(1) Whether the Stockholders of the Company will concur in and authorize the creation of a bonded indebtedness, by the issue, at such time and in such amounts as from time to time its Board of Directors or Executive Committee may determine, of bonds, payable in gold coin of the United States of America, of or equal to the present standard of weight and fineness, and limited so that the amount thereof at any one time outstanding, together with all outstanding prior debt of the Railway Company, after deducting therefrom the amount of all bonds reserved to retire prior debt at or before maturity, shall never exceed three times the outstanding capital stock of the Company, or of a successor corporation, maturing May 1, A. D. 2037, and bearing a rate of interest, not exceeding the lawful rate, to be determined by the Board of Directors or Executive Committee at the time of issue, payable semi-annually; and the execution and delivery by the

Company of a First and Refunding Gold Bond Mortgage of Trustees to be designated by the board of Directors, dated May 1, 1920, conveying in trust the corporate property and franchises described therein, to secure the payment of all such bonds which are to be issued for the purpose of purchasing, redeeming or refunding, before, at or after maturity, the outstanding obligations of the Company, and of other companies whose properties now are or hereafter shall be owned or acquired by the Chicago and North Western Railway Company by consolidation, purchase or otherwise; for the purpose of the future enlargement, improvement, extension and equipment of the properties of the Company, and of other companies, for the construction, purchase or acquisition of other railways and property, or for the purpose of reimbursing the Company for moneys which at any time may be or may have been expended for any of the purposes aforesaid; and will approve such mortgage in the form to be submitted at said meeting, and will ratify the action of its Board of Directors authorizing the creation of such indebtedness, and the execution of such mortgage; and (2) Whether the Stockholders of the Company will authorize the purchase of all the property, including all franchises, rights, privileges and immunities pertaining thereto and all appurtenances thereof whatsoever, of each of the following named proprietary companies:

Wolf River Valley Railway Company, Belle Fourche Valley Railway Company, James River Valley and North Western Railway Company, Macoupin County Extension Railway Company, Iowa Southern Railway Company, Missouri Valley and Blair Railway and Bridge Company, Wyoming & Northwestern Railway Company, Pierre, Rapid City and North Western Railway Company, Pierre and Fort Pierre Bridge Railway Company, The De Pue, Ladd and Eastern Railroad Company, and The Albany Rail Road Bridge Company, in consideration of the payment to each of said companies of the sum of One Dollar, and the assumption by this Company of all the debts, liabilities and obligations of each of said companies; and will ratify the action of its Board of Directors authorizing such purchases upon such terms and conditions.

The further purpose of said meeting will be the action of Directors and the transaction of such other business as may come before said meeting. Transfer books will be closed on Friday, March 12, 1920, at the close of business on that day and will be reopened on Wednesday, April 14, 1920. By order of the Board of Directors. Dated: Chicago, Illinois, January 21, 1920.

"Con Con" Asked to Speed Up Its Work

Springfield, Ill., March 11.—Committee of the Illinois Constitutional Convention were instructed to "speed up" today by President Charles E. Woodward.

President Woodward told the convention that progress in framing a new basic law now depends upon the work of the committees to which all proposals have been referred. He requested all members to be prompt in their attendance at committee meetings during the next two weeks. The convention adjourned today to meet again next Tuesday.

The report of the military affairs committee on the military article of the new constitution was made a special order of business for next Tuesday. This is the first committee to return a final report.

The committee on initiative, referendum and recall will hold a meeting next Wednesday night, at which a vote will be taken on the question of reporting out initiative and referendum proposals. If the majority of the committee favors incorporating the initiative and referendum in the constitution a proposal will be framed for submission to the convention.

ADVICE—AND A DECISION.
CHAPTER 83.
"Gerry Meredith, you have got to lose your husband or your job. Which is it going to be?"
"I mean it, Gerry. Before Robert was married he planned to have a home, you in it. If he had known you would not make a home for him, he would have married Marion Hovey. Everyone!"
"You don't understand, Mary. We talked it over, and he said I could keep on working."
"I know all about that—what he said. But he thought you would love him well enough after you were married to do as he wanted. He was always talking about a home when I first knew him, and that wasn't until after you were married."
"But, Mary, he doesn't earn enough to live on."
"He would have—if you hadn't butted in with your salary. It will take him a little longer now to get ahead; but I'll bet my last dollar he'll make good if you will do as I say."
"It's been in my mind to tell you things for a long time, Gerry—to tell you that Robert was changing for the worse. But I guess Marion rubbed it in, so there ain't no need for me to. Robert is affectionate, likes to be made

"Wait. Don't ask Robert a thing about it. Just tell him it is done, that you are tired and need a rest. Then put it up to him to hustle so you can get it. I'll move over tonight. Gardner will help me, and you and Robert can move in."
"I don't see how I can—"
"You say you won't give Robert up. It's him Gerry or the job. It's up to you."
"All right, Mary, I'll try it. I'd try anything rather than let Marion Hovey have him." Then I added: "I know very little about housekeeping and cooking Mary."
"You got common sense, ain't you? Then there's my cook book. I didn't know him from beefsteak when I started a home all by my little lonesome. I guess you know as much as I did."
"I'll try it a month."
"I guess that will be long enough to prove I am right, and that all that ails Robert Meredith is too much boarding house, too little wife, and so no ambition."
"That afternoon I told Madame I must have at least a month's vacation, and that I must leave that night."
"But Gerry! I can't let you go on such short notice."
"It is short, I know. But I cannot help it."
She stormed for a while, but finally said:
"I'll try it a month."
"I guess that will be long enough to prove I am right, and that all that ails Robert Meredith is too much boarding house, too little wife, and so no ambition."

Germany to Receive Firmly Worded Note

Paris, March 11.—The conference of ambassadors today decided to send the German government a very firmly worded note, demanding immediate application of the penalties promised for the outrages suffered by officers of

the inter-allied commission to the Baltic states during the German evacuation of this region which has hitherto been delayed.
At the demand of the British delegation the conference has decided to demand again that the government at Belgrade order the evacuation of Radkersburg, 37 miles southeast of Graz, which is still occupied by the Jugoslavs, contrary to the decisions of the conference.
The conference has sent precise instructions to the commissions of control in Germany, as the German government has contested their right to visit fortresses which are not to be destroyed. The control commissions were meant to have the right to visit all German fortified places.
A blacksmith at Rotterdam was so overcome with joy on hearing that he had won \$40,000 in lottery that in his excitement he lit his pipe with his ticket and was unable to prove his claim.
